<u>ALLEGED FAILURE TO COMPLY WITH COMMISSION</u>)	
REGULATION 807 KAR 5:022)	

O R D E R

On August 17, 1993, Jefferson Gas Transmission Company ("Jefferson Gas") filed with the Commission a motion for the return of all the original exhibits submitted in this case because these documents are needed in a civil action recently filed against Jefferson Gas. Pursuant to 807 KAR 5:001, Section 5, the Commission, in lieu of requiring the originals to be filed, may, in its discretion, accept certified or otherwise authenticated copies of documentary evidence. The Commission finds that good cause exists for granting the motion filed by Jefferson Gas provided the Commission receives certified copies of all original exhibits.

IT IS THEREFORE ORDERED that the motion for return of original exhibits filed by Jefferson Gas is hereby granted and all exhibits shall be returned when the Commission receives certified copies of them.

Done at Frankfort, Kentucky, this 7th day of September, 1993.
